WAKi AeroFlex Massage Chair

Powered by Dual Core, Perfected by Stretch

The WAKi AeroFlex Massage Chair redefines relaxation with its revolutionary Dual Core Synergy — combining a 4D Smart Sync Core and 3D Hip Core for a quad-hand effect that delivers precision, efficiency, and full-body relief. Enhanced by Bi-Stretch Technology inspired by physiotherapy, it offers professional-grade stretching programs to restore flexibility and energy. With a 38-Airbag Aero System, Zero Gravity Recline, and Luxury Heating Therapy, AeroFlex ensures dynamic pressure relief, circulation boost, and weightless comfort. Smart body detection, intuitive dual controls, and USB convenience complete the experience, transforming every session into spa-level rejuvenation.

ENGINEERED FOR RELIEF. DESIGNED FOR LIFE.

- Dual Core Synergy Massage
- Bi-Stretch Technology
- 38-Airbag Aero System
- Zero Gravity Recline
- Golden Angle Track
- Hall Sensor Body Detection
- Luxury Heating Therapy
- Anti-Pinch Safety Sensors

Precision Mapping. Full-Body Relief.

Smart body detection meets dynamic air pressure comfort for a massage that fits you.

Hall Sensor Body Detection

Height-Sensing Personalized Fit

Intelligent Hall Sensor mapping detects body position and height from **1500–1900 mm** for faster, more accurate personalized fit.

- Personalized mapping for different body heights
- Faster positioning for targeted comfort
- More accurate pressure and massage alignment

38-Airbag System

Dynamic Pressure Relief from Shoulders to Feet

Strategically placed airbags inflate and deflate in controlled rhythm, simulating gentle hand pressure from shoulders to feet.

- Full-body air pressure massage coverage
- Gentle compression to ease built-up tension
- Shoulder-to-foot support for deeper relaxation

Engineered Stretch. Intelligent Recovery.

WAKI
Towards a Better Life
since 1995

Professional stretching and curated massage programs designed for everyday renewal.

BioStretch System

Double stretching support for flexibility, recovery, and deep lower-body release.

- Iliopsoas, PNF, full-body, and recovery stretching modes
- Motion-assisted leg extension for deeper comfort
- Smooth stretch guidance inspired by professional wellness therapy

Iliopsoas Stretching | PNF Stretching | Full-Body Stretching | Recovery Stretching

21 + 8 Professional Programs

Curated automatic and signature programs crafted by engineers for precise daily comfort.

- 15 curated automatic programs
- 6 area-specific automatic programs
- 8 BioStretch signature programs

Cycling Stretch	Vitality Stretch	Recovery Stretch	Piriformis Stretch
Full-Body Stretch	Lower Limb Stretch	PNF Stretch	Psoas Stretch
